Do You Want to Know What You Swallow?

There is a growing sentiment in this country in favor of MEDICINES OF KNOWN COMPOSITION. It is but natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.

Recognizing this growing disposition on the part of the public, and satisfied that the fullest publicity can only add to the well-earned reputation of his medicines, Dr. R. V. Pierce, of Buffalo, N. Y., has "taken time by the forelock," as it were, and is publishing broadcast a list of all the ingredients entering into his leading medicines, the "Golden Medical Discovery," the popular liver invigorator, stomach tonic, blood purifier and heart regulator; also of his "Favorite Prescription" for weak, over-worked, broken-down, nervous and invalid women.

This bold and out-spoken movement on the part of Dr. Pierce, has, by showing exactly what his well-known medicines are composed of, completely disarmed all harping critics who have heretofore unjustly attacked them. A little pamphlet has been compiled, from the standard medical authorities of all the several schools of practice, showing the strongest endorsements by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed *free* to any one desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of Dr. Pierce's medicines. Address Dr. Pierce as above.

Dr. Pierce's Pleasant Pellets are tiny, sugar-coated anti-bilious granules. They regulate and invigorate Stomach, Liver and Bowels. Do not break the "pill habit," but cure constipation. One or two each day for a laxative and regulator, three or four for an active cathartic. Once tried always in favor.

$50,000 GIVEN AWAY, in copies of The People's Common Sense Medical Adviser, a book that sold to the extent of 500,000 copies a few years ago, at $1.50 per copy. Last year we gave away 250,000 worth of these invaluable books. This year we shall give away $50,000 worth of them. Will **you** share in this benefit? If so, send only 21 one-cent stamps to cover cost of mailing only for book in stiff paper covers, or 31 stamps for cloth-bound. Address Dr. R. V. Pierce, Buffalo, N. Y.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has yet been found, who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means, a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

Dr. Shoop's Restorative

EXECUTION OF A MURDERER.

Peter Good, alias Charles Schaffer, was hanged at Luray yesterday morning at an early hour for the murder of his sweetheart, Miss Fannie Stroop, in Page county, on November 30 last. The prisoner, preceded by Deputy Sheriff Wood ascended the scaffold at 6:33. His step was firm and not a tremor was observable. There was not a hitch in the execution.

Good at a late hour Thursday night made a full confession of the crime.

Good became violently jealous of the girl, who was to have married a rival at an early day. The unsuccessful lover and the girl resided on the large farm of Lee Long, near Alma, Frederick county, and had been associates and, as Good claimed, lovers, for many years.

On the evening of the murder Fannie consented to allow Good to accompany her for a distance of about a half mile to bring home some apples. The girl's nine-year-old brother, Jessie Stroop, accompanied them, and was standing within a few yards of his sister when she was shot. The tragedy occurred on the return of the couple to Fannie's house in a strip of woods about a quarter of a mile from Alma. Good made repeated demands that the girl refuse his rival's attentions, and also made rough attempts to detain her. Stopping in his tracks he took deliberate aim and shot her in her back and neck when she was about 10 yards distant, walking toward her father's house. Good turned and fled. The girl died in a half hour.

Good confessed a few days ago that he intented suicide as soon as he had killed Fannie, and had loaded the gun and put the muzzle in his mouth for the purpose, when, as he was going to pull the trigger, his heart failed him. Instead of taking his own life he came to Luray and gave himself up to the jailor, only a few hours after the murder.

Good was convicted of murder in the first degree on January 10. His defense was that the shooting was an accident, a plea that he stoutly held out for until within the last ten days. The Supreme Court refused to grant a writ of error, and on last Saturday the last ray of hope disappeared when Governor Swanson refused to grant a petition for commutation of his sentence to imprisonment for life.

A few weeks ago Good made a profession of religion and was baptized in the jail in a tub by Elder Walter Strickler, of the Dunkard church. His composure in the very face of death has been remarkable. He gave the minutest direction as to his funeral, even naming the pallbearers, designating the clothes in which he was to be hanged and buried, and requested that his coffin should stand the Thursday night in full view, just outside the iron bars of his cage.

A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more lives than all other throat and lung remedies put together. Used as a cough cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthsic, stops hemorrhages of the lungs and builds them up. Guaranteed at E. S. Leadbeater & Son's drug store, 50c and $1. Trial bottle free.

KILLED IN RAID.

Following an attack on an alleged gambling house at Fort Worth, Texas, yesterday, County Attorney Jeff D. McLean was shot and killed and Hamil P. Scott, a member of the attacking party, was fatally wounded by William Thompson, proprietor of the resort. Half an hour later Thompson was surrounded in a lumber yard and captured after a desperate fight, in which Thompson received bullet wounds that may prove fatal.

The series of tragedies was seen by hundreds of men and women, including many legislators attending a stock show. The resort is in Main street, near Sixth, in the heart of the retail quarter.

County Attorney McLean, heading a party of deputies, forced an entrance to the place arrested several men and loaded a furniture van with paraphernalia. The wagon, with the confiscated furniture, had just moved off when Thompson approached McLean, on the sidewalk, and fired a bullet into McLean's throat, breaking his neck and causing death.

Thompson ran west on Sixth street with Scott in pursuit. Dodging behind a billboard at Seventh and Throckmorton streets, Thompson shot Scott three times in the body. Scott fell and Thompson discarded his empty pistol for that carried by Scott and fled.

By this time a score of policemen and deputy sheriffs followed by hundreds of excited men and boys were in pursuit of Thompson, who found temporary refuge in a lumber shed just across the street. From the Touraine Hotel, the most fashionable hostelry in the city, Patrolmen Bell and Lloyd opened fire on Thompson who returned the shots, while the crowd shouted "Lynch him."

As soon as Thompson had emptied his revolver the officers, whose own pistols were emptied, fell upon him with bare hands and made him a prisoner, as he was suffering from three severe wounds inflicted by the officers.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart, or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

Newbro's Herpicide

HERPICIDE

MISS MADELINE CLUTTER.

BENEFITED

Miss Clutter's Hair

Read her letter about it:

"I herewith enclose you one of my latest photographs, which will show you what Newbro's Herpicide has done for my hair. Since using your remedy my hair is much longer than it was, and it has that lustre to it that ones hair always has when the scalp is in a healthy condition."

(Signed MISS MADELINE CLUTTER.
3953 Michigan Avenue,
Flat 210. Chicago, Illinois.

The immense popularity of Newbro's Herpicide, particularly among the better class, is due to the fact that it never disappoints. It does all and more than is claimed for it.

Its delightful fragrance, perfect clearness and freedom from grease or oil, appeal to the discriminating, and its cleansing, refreshing and health-giving effect upon the scalp is immediately apparent.

Herpicide makes the hair light and fluffy and gives it a silken gloss.

Extraordinarily long hair is a gift of Nature that relatively few possess, but not many would complain if they could save Nature's head covering in its original beauty and luxuriance.

The dandruff germ is the greatest enemy of abundant hair. This is on account of the highly contagious nature of dandruff, which makes it almost impossible to escape the disease without the occasional use of a germ destroying solution.

Newbro's Herpicide is the ORIGINAL remedy that "kills the dandruff germ." It promptly eradicates dandruff, stops falling hair and (except in chronic baldness) restores the hair to its former health and activity. Herpicide stops itching of the scalp almost instantly.

Two sizes—50c and $1.00. At Drug Stores, Send 10c in stamps to THE HERPICIDE CO., Dept. L., DETROIT, MICH., for a sample. Guaranteed under the Food and Drugs Act June 30, 1906. Serial No. 915.

NOTE—If any druggist suggests a substitute walk out of his store and send the advertised price direct to us. We will immediately express the Herpicide direct to your door, all charges paid. The Herpicide Co., Detroit, Mich.

Compulsory Marriage Law.

The message of Mayor S. J. Bennett to the City Council of Fort Dodge, Iowa, urging that every male or female of marriageable age who persists in remaining single should be penalized, was taken in earnest Wednesday by the Council and this ordinance was passed:

"All able-bodied persons between the ages of twenty-five and forty-five years, whose mental and physical propensities are normal and who are not now married, shall be required to obtain a license and wed within sixty days or be subject to a fine of from $10 to $100."

The ordinance passed to its third reading amid great applause.

Mayor Bennett says: "If there are any who desire to escape the penalty described, I will be at my office at all hours to perform the marriage ceremony free of charge. The day is coming when every up-to-date city in the land will have a similar statute. The act is in the interest of good morals and a sound public policy."

It was supposed the Mayor's message was intended as a joke. All the officials say the ordinance will be enforced to the letter.

Health in Canal Zone.

The high wages paid make it a mighty temptation to our young artisians to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, biliousness, weakness and all stomach, liver and kidney troubles. Guaranteed by E. S. Leadbeater & Sons, druggists 50c.

SATURDAY EVENING, MAR. 23, 1907.

MAYOR SCHMITZ, of San Francisco, and his henchman, Reuf, who for years past have grown fat by graft and robbery, are at last in the meshes of the law and the people whom they have so long wronged have turned upon them and are anxious to rend them. These two rascals have for years posed as the champions of the working men (whom they appear to have completely hypnotized), but now that they have been unmasked and appear in their true corrupt natures their duped followers are thirsting for revenge. Both have been indicted for felony and so frightened are they that they are both planing escape. Ruef is particularly anxious concerning his life and liberty and the officers who are watching him have been ordered to shoot him like a dog if he endeavors to make his escape. It would be a great blessing if he would try to escape and be killed, for then the city of the Golden Gate would be forever rid of so vile a creature as Ruef.

LONDON PAPERS today comment upon the difference between American and English administration of criminal law, as shown by the Raynor trial in London and the Thaw trial in New York. Horace George Raynor, slayer of William Whiteley, London millionaire merchant, was tried, found guilty, and sentenced to death yesterday in five hours. Raynor, whose only hope is intervention by the home secretary, will no doubt be hanged within a month, bringing his death less than three months after the murder. Harry K. Thaw killed Stanford White nine months ago. His trial has continued over two months and is now halted awaiting a decision regarding an insanity inquest. The cases confronting the courts in the two trials were astonishingly similar. The London Times says: "We may be thankful that we have small experience in trials which are almost as mischievous to society as the crimes investigated."

THE FOLLOWING from the Amherst New Era is probably what many newspapers thought but which, so far as we know, none of them has heretofore said:

We earnestly advocated the acquittal of the Strother brothers for the killing of Wm. Bywaters, for seducing Viola Strother. It was sad, but necessary to be done. We regret to see the citizens of Welch, W. Va., giving Jim Strother a public reception and like demonstrations of approval. Quiet sympathy should be shown them. While they should feel justified in what they did, yet they should feel ashamed of their disgrace in their sister's conduct and misbehavior. It is no time for public entertainments with them. Quiet approval is what they need and not a band wagon approval. We are glad Judge Harrison denies the statement that he from the bench approved of the verdict in words. Down in his heart, no doubt, he did—but he ought not have said so on the bench.

THE CRAZE for card playing was dwelt upon by the Rev. Dr. Joseph Silverman in a recent lecture before the women of his congregation in New York. In the course of his remarks he said: "Truly it is a sad commentary on the times that many women devote their days and nights to gambling—a form of pastime to which, we had thought, it was bad enough for some men to have become addicted. When women stoop to wager money at the card table and forget, in the excitement of the play, their homes, their dear ones, their ideals, their womanhood, their religion, their duties to God, to their family—then surely is the eleventh hour of spiritual degeneration."

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, March 23.

Thos. F. Ryan, the New York financier, passed through Washington today on his way to Oak Ridge, Va., where he has a country place. He did not see the President or any other government official. "I do not expect to see the President" said Mr. Ryan, for there is nothing more that I can do affecting the problems now confronting the administration. I mean of course, the railroad situation. The railroads are really owned by the people and not by Wall street brokers. They should be taken out of Wall street and the stock quotation tickers should be taken out of the railroad offices. The practical railroad men should be in absolute control of the roads. Regarding the political situation Mr. Ryan was inclined to be taciturn, but said: "I feel the South heads the power to dominate democratic party policies. Mr. Roosevelt will name the next republican candidate and will dictate the republican platform of 1908. This responsibility he cannot escape whether he desires to or not."

Secretary Taft has ordered Captain Wm. B. Cochran, 24th Infantry, to lose fifty numbers in his lineal rank, on account of his conviction for drunkeness while in Manila. The court martial sentenced him to dismissal from the army, but recommended clemency. Captain Cochran is a native of Virginia.

George W. Woodruff, of Philadelphia, was today sworn in as Assistant Attorney General for the Interior Department, to succeed Judge Campbell, of Ohio, whose term expired yesterday.

President Roosevelt today signed the commission of Former Senator Joseph C. S. Blackburn, of Kentucky, as a member of the Isthmian Canal Commission.

James L. Rodgers, American Consul General at Shanghai, acting for the American National Red Cross, has made a report on the famine situation which has just been received by mail. He says that the famine region includes an area of 35,000 square miles with a population roughly estimated at ten millions. Many have fled from the famine district. The sick, the old, the afflicted as well as the blind and the lame were left behind, and it is stated that these who are left beyond the reach succor accepted their fate with a stoicism remarkable even for such a people. Those who have remained at their homes are stripping bark from trees and gathering weeds which they eat in order to keep alive.

The Census Bureau issued a bulletin today announcing that the per capita of public indebtedness in the Uniter States is $35.50. The total indebtedness, including national government, state, county township, precinct and school district debts is $2,789,990,120. It is pointed out, however, that for every $2.85 of the public indebtedness there is $100 national wealth. In Great Britain the ratio is $10.50 instead of $2.85; in France, $14.25 and in Italy, $17.38 to $100 of national wealth. It is stated that the per centage increase in wealth from 1900 to 1904 is without parallel in this country except in the decade 1850 to 1860.

President Roosevelt this afternoon sent the following letter to Dr. H. N. Marvin, at Dover, Delaware:

"My Dear Dr. Marvin: "I am in receipt of your telegram of the 22nd inst Anything that the government can do to help you will, of course, be done; for, save only the crime of assault upon women, there is none so dreadful as that which has brought heartbreaking sorrow to your household. I have also communicated with the Postoffice Department asking that all aid we have in our power to give along the lines you mention, or in others that may prove practicable, be given to you.

Sincerely yours,

THEODORE ROOSEVELT.

The Postoffice Department will now take an active part in the investigation of the Marvin kidnapping case at Dover, Delaware. The President has been asked by the father to assist in the search, and the postoffice inspectors, as a result, will be assigned to run down all clews coming though the mails.

President Roosevelt was today invited to visit New York city on November 14th next to attend the exercises that are to be held on that date at the breaking of ground for the erection of a monument to Robert Fulton, the inventor. The monument will take the form of a magnificient water gate which will be used for the accomdation of distinguished visitors arriving in this country or for gala occasions given by the people of the city.

E. H. Harriman's manipulation of railway properties will be punished by criminal prosecution if the federal government can discover a way to accomplish it. The only obstacle to immediate action is the failure to unearth a law covering the case as this far disclosed by the Interstate Commerce Commission. The special attorneys already in the field have been directed to bend every energy toward uncovering all forms of abuses either in the acquirement or management of railroad properties. It is known positively that the President considers Harriman a dangerous element in railway affairs. His desire to punish criminally has not, however, led him into any precipitate action. The administration desires no unpleasant aftermath of embarrassing comment should it prove that Harriman has so successfully kept his audacious operations within the law that a hostile government could not reach him. The investigation into the Harriman lines by the Interstate Commerce Commission will be continued here April 4. This is to permit Harriman to present a defense, if he so desires. All papers in the case will then be turned over to the Department of Justice for a decision as to whether further proceedings can be properly be undertaken.

In order to prevent further loss of life and interference with commerce and for the purpose of putting an end to the war between Honduras and Nicaragua it is understood that the United States has once more united with Mexico in an effort to mediate between the two belligerents. Just what is the character of the intervention is not disclosed at the State Department but it is believed that it goes a little further than the original attempts of President Roosevelt to persuade the two countries to submit their differences to arbitration. President Diaz, of Mexico, it is thought has taken the initiative in this instance. It is thought that these new efforts for peace are more likely to be successful now that the war has progressed so far as to practically put Nicaragua in possession of the whole north coast of Honduras as well as a number of small towns within a few leagues of Tegucigalpa, the Honduran capital.

The State Department received advices today from United States Consul Wood, at Ceiba, via a fruit steamer to Mobile, reporting the condition at the Honduran port to be intolerable.

The Bennings races will begin on Monday under the most favorable auspices and a successful season is promised.

COURT OF APPEALS.

Word was received at Bathhurst, New Brunswick, yesterday of the loss of four lives in the severe blizzard which swept over the eastern provinces late Wednesday night. During the height of the gale Mrs. John Comeau and three of her children were frozen to death in a snowdrift at St. Simon, a small inland village. The wind, which reached a velocity of sixty-five miles an hour, carried off the roof and upper part of the Comeau dwelling. Comeau took one child to the nearest house, a quarter of a mile distant, but in attempting to return for the others lost his way in the thick snowstorm. Thursday when Comeau reached home he found his wife and three children frozen to death.

Jennie L. May, who was recently convicted of the shooting of Lucien Conen, a member of the Marine Band, in Washington, and who abandoned her appeal to the higher court from the sentence of Judge Stafford, requiring her to serve ten years in the Moundsville penitentiary, was taken to that institution in companying with twenty-five others, yesterday afternoon. Eugene F. Drennan, at one time employed on a Washington paper, was also one of the party. Drennan was convicted of embazzling the funds of a "symposium of which he was the treasurer. Ellen Puckett, a former employe of the Agricultural Department, sentenced to five years in the penitentiary for forgery, was another of the party.

Horses Stampede at Sea.

The Phoenix Liner St. Andrews, Captain Fitzgerald, arrived at New York yesterday from Antwerp with 67 ponderous Percheron stallions and a story of horse stampede at sea. On Monday the 18th, the ship ran into a terrific tropical thunderstorm in longitude 55, latitude 14. The sky was black and the darkness was streaked only by the vivid lightning flashes, and the Percherons began gnawing down their bars. Amid the screaming of the stallions, who were kicking fiercely at their confines, a number of them managed to break out and commenced smashing around in the hold. Several caretakers and grooms went into the dark to pacify the animals and were caught in the stampede. The horses continued to rage about in the dark until the storm had passed. The consignment, said to be the biggest of Percherons ever brought over, is en route to G. R. Crouch, of Lafayette, Ind.

The April number of the Metropolitan which has been received from its publishers in New York, is of unusual importance taking up as it does subjects of great interest to the reading public. In "The New Criminal" honest men are put on their guard against housebreakers etc. "China's Military Awakening" tells what it means to the world. "The Mexican War," in its second instalment, gives new light on the annexation of Texas. "Reminiscences of the Klu Klux Klan" is of interest, as are "The World at Large" and The Drama of the Month", "Lucca and Andrea Della Robbia" is illustrated with reproductions of the paintings of these artists, The fiction of this issue is excellent.

Everybody's Magazine for April has been received from its publishers in New York, and shows a most attractive table of contents. A notable series is begun in this number, under the title of "Romances of Success." In "The Growing Railway Death Roll: who is Responsible," the question is answered, and a remedy offered. "The Fight at Tono pah" is one of Rex Beach's most vivid pictures of men in the rough, "The Players" is an excellent dramatic review, and "Master Artists of the Piano" is a brilliant and informing paper. This month's fiction is good; consisting of eight short stories and an instalment of the exciting serial "The Adventurer."

"Preventics" will promptly check a cold or the Grippe when taken early or at the "sneeze stage" Preventics cure seated colds as well. Today's Telegraphic News

The Famine in China.

Shanghai, China, March 23.—Reports from the famine area indicate that famine conditions have become so serious as to threaten to exceed in horror the great famine of India. Hundreds are dying every day, and diseases which have started among the sufferers are spreading rapidly, striking down the weakened people like a plague.

The civic committee is preparing to send out appeals broadcast to the world. In the great territory affected there is such a small supply of food that the means upon which the people have been existing must soon fail.

The situation confronting China cannot be understood in other countries, as the horror is indescribable. At the civic committee headquarters today it was said that the only hope lay in donations from foreign countries. America, on account of former generosity, is looked to for much aid.

New York, March 23.—The Christian Herald, which yesterday forwarded to the State Department in Washington $50,000 for the immediate relief of the famine sufferers in China, has received the following cable message from T. F. McCrea, chairman of the missionary relief committee at Chinkiang.

"Present needs are very urgent. Reports from all parts of the provinces of Kiangsu, Anhui, Cheskiang and Kiangsi, show that the situation is desperate and is becoming worse daily. Riots are going on and the rice shops are being pillage by the starving natives. In the famine area the condition of the people is steadily growing worse. Many deaths occur every day. The area is so vast that it is utterly impossible to gather statistics. Sickness is increasing in all parts of the stricken area. Half a crop was hoped for, but the starving people now have only bark and weeds to eat. In all sections the people are pulling the green wheat and ruining the crops, removing the only hope of bettering conditions except by outside aid. In the stricken towns and in the farm lands the people are tearing down their houses and are either selling the lumber or using it for fuel. American money already has save thousands from death."

Suicide of Osler Disciple.

Omaha, Neb., March 23.—James McElhany, a disciple of Dr. Osler, took his own life, having recently passed the span of three-score years. His body was found hanging in a shed in Riverside Park early today. In his pocket was a letter addressed "to whom it may concern." It read: "To be or not to be; that is the question. As for myself, my decision is in the negative, and after careful consideration I have concluded it is better not to be. There was a time when I could successfully combat slings and arrows of outrageous fortune, but now, when I have passed the Osler mark, I find it a losing battle and deem it expedient to stop the conflict. All things considered, I consider it a part of wisdom and prudence now, while in health, sober and in my right senses, to cross over the divide to the great beyond." Twenty years ago McElhany was a successful contractor, but lost his wealth through real estate transactions.

Tragedy in a School House.

Carmi, Ill., March 23.—Rehearsal of closing exercises at a country school house west of Carmi ended in a tragedy and the arrest of a farmer for the murder of a man who had been his friend for years. George Nicholson and John Kurd were seated together listening to the recitations given by the children. Both had little daughters taking part, Nicholson's little daughter started to say her piece. Kurd made a remark on her nervousness which Nicholson resented. Nicholson drew a revolver and pressing it against Kurd's side, fired. Kurd died instantly. Women and children became hysterical. When Nicholson saw what he had done, he dropped on his knees beside Kurd and wept.

Marshall Home Sold.

The sale of the John Marshall mansion, at Ninth and Marshall streets, was made in Richmond yesterday. The property will be conveyed to the city of Richmond by Misses Annie F. and Emily Marshall, descendants of the famous Chief Justice. The price to be paid is $13,000. It is proposed to turn the building, which adjoins the site of the new high school property, over to the school authorities and the school board will turn the mansion into an administration building for the public schools of the city. The Richmond Bar Association endeavored to secure possession of the property, desiring to establish a law library and headquarters for visiting members of the bar.

Excitement in a Hotel.

Cincinnati, March 23.—Fire which broke out in the building of the Ohio Valley Printing Company, in the rear of the St. Nicholas Hotel today caused great excitement among the guests. George L. Flora was repairing machinery when he dropped a lighted candle which communicated with a can of benzine and an explosion followed. Flora was found unconscious and will die. Fritz Rockomitz was hit by a falling fire escape and his skull fractured.

The firemen confined the fire to the building in which it started. Surrounding business houses were damaged by smoke and water. The loss cannot be estimated.

Victims of Ptomaine Poisoning.

New York, March 23.—One is dead and seven are violently ill of ptomaine poisoning today at the Jordan Home because their Friday codfish was not as fresh as it might have been. Little Mary Jordan, seven years old, was dead when her mother went to her bedside this morning. The mother was very sick, but she went to a window and screamed to the neighbors, who found the father, four children, and a young woman visitor all ill.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

The Thaw Trial.

New York, March 23.—Harry Thaw's lawyers today completed the preparation of the "evidence" on which they believe Justice Fitzgerald will decline to appoint a lunacy commission to examine their client. It consisted of affidavits by the defense's alienists, the attorneys in the case and certain documents in Thaw's handwriting.

The judge ordered that all papers should be filed with Clerk Carroll, of the Supreme Court, before 2 o'clock today, and Lawyer Hartridge announced that his would be done.

Impartial observers still believe Justice Fitzgerald will order a commission. It is pointed out that no justice would care to assume the responsibility of continuing the trial of a prisoner whose sanity has been called in question.

Thaw's defense to the insanity proceedings instituted by District Attorney Jerome was filed with Justice Fitzgerald this afternoon. It consists of affidavits by his attorneys Delmas, McPike, and Gleason, and Alienists Evans, Wagner, Sellifie, Hammond, and Shield and a large number of notes written by Thaw directing the continuance of his case.

In their affidavits Thaw's attorneys advance as one reason for opposing a lunacy commission that they firmly believe a commision must find Thaw sane, and this might influence their opinion as to his sanity on June 25 1906, when he killed White.

Later this afternoon affidavits made by Attorneys Hartridge, O'Reilly and Peabody and by Mrs. Wm. Copley Thaw were made public, at the office of Attorney Hartridge. Mrs. Thaw takes up the question of insanity in her family and in the family of her husband. She purports to prove that there is no hereditary insanity in either family and describes in, minutest derail what she terms "Two cases of mental- derangement in the Copley family." and "one case of epilepsy in the Thaw family." The affidavit of Hartridge, Peabody and O'Reilly set forth that they believe him thoroughly capable of advising with his counsel.

Arrest of Mail Robbers.

New York, March 23.—On a charge of robbing the mails while they were acting as mail porters in the Grand Central station, William Cohen and Wm. Fridmann, were arrested today by Postoffice inspectors. They will be arraigned and held by the Federal authorities. The inspectors have been investigating reported robberies for the past seven months and not until today were they able to locate the thieves. When arrested a quantity of stolen mail was found on their persons and the porters admitted that they have been pilfering the mails for months.

Jail Surrounded by Mob.

Forth Worth, Tex., March 23.—A mob surrounds the jail here where surgeons are working to save the life of William Thompson, a gambling house keeper, who was wounded in a revolver battle with the police last night. Before he was shot down Thompson killed County Attorney McLean, who was leading a raid on his resort, and wounded another member of the party. The mob seeks Thompson's life and has prevented the removal of the wounded man to a surgical hospital.

No Clue to Lost Boy.

Dover, Del., March 23.—After nearly three weeks' constant search and investigation of countless clues which proved worthless, the mystery surrounding the disappearance of little Horace Marvin, the four-year-old son of Dr. Horace Marvin, is as deep as ever. Today Dr. Marvin is practically without any clue. He has nearly broken down under the strain of the last three weeks, and he has exhausted his resources in the search for the child.

Engagement Announced.

London, March 23.—Announcement has been made of the engagement of Miss Muriel Robbins, daughter of Price Collier, of New York, to Cyril Martineau. Miss Robbins is the only daughter of Mr. and Mrs. Price Collier, who live at Tuxedo Park. Mr. Collier is an author and Secretary of the Outing Publishing Company. For nine years he was a Unitarian minister.

French Doctor Stoned to Death.

Washington, D. C., March 23.—The French doctor at Morocco City, the official physician resident there, was stoned to death by natives in that place today. U. S. Minister Gummere, in informing the State Department by cable, says a meeting of the diplomatic corps adjourned when the news was received.

New York Stock Market.

New York March 23—Pessimistic European reports were directly chargeable for another wild day on the Stock Exchange

After a feverish day with a bobbing market there was a marked falling off in prices and the close showed the lowest figures of the day. A weak opening followed the report that there had been declines of 2 to 3 points in American stocks, in the London market, and unfavorable reports from all the foreign bourses added their weight to the downward movement. A sharp rally which followed early in the morning suffered a collapse accompanied by considerable confusion. Later in the morning more support was rushed in and a temporary halt resulted, but the last hour saw another bear charge that carried off their feet those who were seeking to check the decline. Liquidation during this last half hour, betrayed almost panicky conditions. Canadian Pacific bore the brunt of the storm both here and abroad. The stock had been thrown over in considerable amounts both here and abroad, and, though it had shown great resistance up to yesterday, broke badly and went down to 155 before sufficient support was rushed to its aid to enable it to recover. The subsidiary lines of the Canadian Pacific were also weak.

The expectation of a rather favorable bank statement was fulfilled but following the publication, a ralty which was in progress at the time was converted into a decline by the determined bears.

THE JAMESTOWN EXPOSITION.

Norfolk, Va. March 22.—To the superficial eye the constructive work at the Jamestown Exposition appears less advanced at present than it was some months ago. This apparent retrogression is due to the sudden activity of the host of the over-cautious which followed the million dollar loan from the government. Money moves the masses, and this money has moved matters amazingly at the exposition.

With the development of the great exhibit palaces and most of the state buildings some time ago, the grounds presented a very orderly appearance, but the present confusion incident to the large building operations of belated concessionares and others, has temporarily marred the picture. It is, however, merely a brief and transitory episode in the constructive progress of this great enterprise, a second wind, as it were, which will land the exposition on time and a winner for the opening day.

With the overwhelming rush, crush and clatter of machinery and manipulation, the work is progressing at a rapid rate, and out of this welter of work and worry there will shortly come forth a wonderland of order and beauty.

The great government pier is well under way, and though presenting for the moment a chaos of material and machinery, the contractors are certain of having it ready for the grand opening of April 26th. The completion of this work is very necessary as the officers and men of the foreign war ships will make landings there.

All over the grounds the rush is on in earnest. The large force of workmen is being constantly increased, making a hive of feverish industry in which is maintained an uninterrupted race against time with April 26th for the goal.

The desire for the originality in this enterprise included the item of completeness for the opening day, something not heretofore known. Under the great effort being put forth it is possible that this may be accomplished. At any rate the little unfinished construction-if-any at that time, will not materially mar the beautiful aspect of the grounds or interfere with the pleasure of early visitors.

The Alexandria Hospital.

To the Lady Managers of the Alexandria Hospital:

Ladies: It has become my pleasant duty to report the work done in the hospital during my recent incumbancy. There were admitted 87 patients; 62 of these were discharged as cured, 3 improved, 4 died and 18 left under treatment.

With the closing of the fiscal year it completes my twenty-sixth anniversary as a member of the medical staff. By the last annual report it has been shown that there were admitted into the hospital during the past year 418 patients, I regret not being able to state the number admitted during my first year of service but feel confident it could not have been fifty. There has been performed in the hospital during the past year 140 surgical operations, whereas during my first year there was but one, that being an amputation of the leg of a colored man on Christmas day, the first major operation ever performed in the hospital, which was then located on Duke near Payne street.

I cannot speak too highly of the efficient and thorough work done by our most worthy superintendent and her able corps of nurses during my recent term. Never have we had as competent, zealous and altogether as reliable a body of nurses as the past year. I never saw a body of persons more thoroughly consecrated to their work than these ladies; there is no demand too menial for them to respond promptly to and they seem happiest when they have the greatest amount of work to do.

Concerning our superintendent I have but one opinion. For efficiency, for progressiveness, for keeping before her mind's eye one thought, and that thought that no institution of the same proportion in or out of the State shall be more up to date or thorough than ours. For these traits of character she cannot be surpassed and it will be hard to find her equal. When things do not seem to progress just as she would like to have them, when her Scotch blood gets a little overheated, when she puts her shoulder to the wheel and you hear her say "Move a little more lively, young ladies," then take my word for it, there is something doing.

Respectfully,

G. L. KLIPSTEIN.

IN MEMORIAM.

MADELINE FRANCES daughter of Chas. E. and Elizabeth Churchman, who died March 23, 1906—one year ago today.

Dear little hands I miss them so!
All through the day wherever I go;
All through the night how lonely it seems,
For no little hands wake me out of my dreams.

I miss them all through the weary hours,
I miss them as others do sunshine and flowers.
Daytime or nighttime wherever I go
Dear little hands I miss them so,

Weather Probabilities.

For this section partly cloudy tonight. Sunday showers, slightly cooler; light variable winds.

Church Services Tomorrow.

The pulpits of the various churches will be occupied with but two exceptions tomorrow by the resident clergy. Rev. E. E Hoss, D. D., LL. D., will preach in the M. E. Church South at night, and Rev. Mr. Lawrenson will preach morning and night in the M. P. Church.

Palm Sunday Tomorrow.

Tomorrow will be Palm Sunday. A large quantity of palm from Florida and other southern States has been bought by St. Mary's church. Palm Sunday recalls the ovation which the people of Jerusalem extended to Christ as he rode into the city on a mule at the beginning of the greatest week in his career. In the Catholic, Episcopal and Lutheran Churches Palm Sunday is celebrated. Holy week and the Sunday following, which is Easter, will be celebrated in all of these churches.

Holy Week.

Holy Week, the last week of Lent and the most solemn period of the church year begins tomorrow with Palm Sunday, and during the week special services will be held in the Catholic, Episcopal and Lutheran churches as follows:

Potomac Lodge of Odd Fellows.

As has been announced in the Gazette, Potomac Lodge, No. 38, I. O. O. F., celebrated its 68th anniversary last evening at its hall on north Columbus street. The lodge was instituted March 19 1839 since which time it has continued its organization and has always beenprominent and foremost among the secret organizations of Alexandria. It has had and still has among its members many prominent citizens of this community and the history of the lodge is a most interesting one. The lodge last evening met at the usual hour and received with honors Hon. John B. Goodwin, Grand Secretary of the Sovereign Grand Lodge, at present residing in Baltimore, but formerly a prominent lawyer of Atlanta, Ga., he having been several times elected mayor of that city. Mr. Goodwin is also Past Grand Sire of the I. O. O. F. The degree team of Potomac Lodge during the evening conducted a special drill and an exemplification of its floor work. An interesting address was then delivered by Grand Secretary Goodwin, which was listened to with close attention and called for frequent applause. He is an eloquent speaker, a man filled with enthusiasm for the order, ripe in experiences and with full and instructive information as to the work of the order. He was followed by Past Grand Master E. W. Bradford and Grand Representative John J. Brown, of Washington, who gave interesting addresses on the principles of Odd Fellowship. At the conclusion of the lodge session the members and guests repaired to the lower hall where a banquet was served. Covers were laid for about 130. The tables were beautifully decorated and contained many good things, and a delightful time was spent around the board. The company entered the hall amid the delightful music of an orchestra under direction of Prof. Carlton Padgett, and during the supper many beautiful selections were rendered by the orchestra and solos by Mr. H. B. Smith. After the supper short addresses were made by Rev. Edgar Carpenter and Mr. C. C. Carlin.

Past Grand Jas. R. Mansfield introduced the Grand Secretary and the Grand Officers of Washington, to the Lodge. Past Grand Representative D. R. Stansbury presided over the evenings exercises and gave a most interesting historical account of the institution and progress of the Lodge. The caterer of the banquet Mr. W. H. Broughton, anticipated every want of the banqueters and those present expressed themselves as highly pleased at the manner in which the banquet was served. The committee in charge of the celebration was composed of D. R. Stansbury, chairman; Jas. R. Mansfield, secretary; and Messrs. Fred Kaus, G. H. Hinken and W. L. Martin.

Birthday Social.

Miss Marguerite Cline entertained a number of her friends last night at her home on Commerce street, it being her 15th birthday. After indulging in games and music, a sumptuous repast was served after which at a late hour the guests left for their homes all pleased with the evening's enjoyment. Some very pretty presents were received.

Cars Derailed.

Seven coaches of the north bound Palmlimited train of the Southern Railway were derailed a short distance south of the new union station about 2:30 o'clock this afternoon. No ons was hurt by the accident which was caused by spreading rails. The cars were replaced on the track during the afternoon.

Held for the Grand Jury.

David Dobson, of Fairfax county, was given a hearing this morning before Justice Richard Triplett, of Mount Vernon district, on the charge of larceny of copper wire from the Washington, Alexandria and Mount Vernon Railway. The hearing was held in the office of Mr. G. L. Boothe, in this city, that gentleman appearing as counsel for the prisoner, and Mr. H. B. Caton for the prosecution. Chief Goods and Officer Ferguson yesterday afternoon at New Alexandria arrested John R. Sutherland on suspicion of having been connected with the affair. Sutherland protested his innocence. The officers stated that Dobson confessed to having cut down the wire, and said he turned it over to a colored man named David Garrett. He also implicated Sutherland in the transaction. Justice Triplett, after hearing the evidence in the case, held Dobson in the sum of $150 for his appearance before the grand jury of Fairfax county. His mother furnished the bond. Sutherland and Garrett was released.

Baseball Schedule.

The manager of the Episcopal High School baseball team has announced the following schedule:

March 23—Central High School, of Washington.
March 28—Gettysburg Preparatory.
April 6—Baltimore City College.
April 8—Jefferson School, of Charlottesville.
April 10—Baltimore Technical.
April 17—Technical, of Washington.
April 20—Western, of Washington.
April 24—Fredericksburg College.
April 27—Technical, of Washington.
April 29—Woodberry Forest, at Orange, Va.
May 8—Eastern, of Washington.
May 13—Woodberry Forest.
May 18—Jacob Tome, at Tome.

The Episcopalians have a very strong team this season, and expect to make a very creditable showing. Mr. Francis E. Carter is manager of the team.

Deaths.

Mrs. May Hurst Caton, wife of Mr. Walter W. Caton, died at her home, No. 228 north St. Asaph street, at 9:40 o'clock last night. She leaves besides her husband five children. Mrs. Caton was 27 years old. She was a native of Fairfax county. Her funeral will take place at Falls Church tomorrow afternoon.

Charles Smith, a young man who recently came to Alexandria to reside, died yesterday afternoon at the Alexandria Hospital after a short illness of typhoid fever.

Mr. Archibald Sullivan, an old and well-known resident of Fairfax county, died at his home near Gambrill a few days ago. The deceased was about 70 years old, and during the civil war was a soldier in the Confederate army.

Presbyterian Brotherhood.

The high standard set by the Presbyterian Brotherhood at their first meeting when Hon. John Barrett made such a fine impression by his address on South America, will be maintained in the second meeting to be held in the Presbyterian Church tomorrow afternoon at 4 o'clock, when Mr. Percy L. Foster, of Washington, will deliver an address on "Hallelujahs Crystalized into Work." Mr. Foster is well known here as an unusually bright and attractive speaker. In addition to this address there will be vocal solos by Mr. Foster and Mr. Richard W. Wirt, and selections by a double quartette of male voices, also general singing led by a choir of ten or twelve male voices. All the men of the city are cordially invited to be present, and are promised a great treat.

Inspection.

The annual inspection of Company G (Alexandria Light Infantry) of the Seventieth Virginia Regiment took place in the armory, on south Royal street, last night. The inspection was made by Col. Charles A. Dempsey, U. S. A., retired, in the presence of Maj. James E. King, of the Second Battalion, and his staff officers, and was attended by a large number of friends of the company. Capt. P. J. Murphy was in command, and the other commissioned officers are First Lieut. W. W. Demaine and Second Lieut. B. C. Talbot. The company made a fine showing, and the officers and men were the subject of many congratulations.

The Market.

There was a noticeable increase in the attendance of country people in market this morning and the offerings of produce were larger than at any other time this year. Considerable green stuff was on the benches. Butter was unchanged in price, but eggs were lower, being quoted at 16 to 18 cents a dozen. There was an increased supply of fish and some fine shad and herring were on the benches. Prices, however, were practically unchanged, fine roe shad still being held at $1, but the market had a weakening tendency.

The Crucifixion.

As announced last week, the choir of St. Paul's church will sing "The Crucifixion" next Tuesday evening at 8 o'clock. This beautiful Cantata is a meditation of the Sacred Passion of the Holy Redeemer, the words being selected and written by Rev. J. Sparrow-Simpson, M. A., and the music written by Sir John Stainer. A cordial invitation is extended to all to attend this service. No cards of admission necessary. A silver offering will be taken.

Police Court.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Manuel Travers, arrested by Officer Bell charged with conducting business without a license, forfeited $5 collateral by failing to appear.

John Skinner, arrested by Officer Sherwood charged with improper conduct on the street, was fined $5.

Warm Wave.

The warm wave which settled over this section yesterday spread over a wide area, and dispatches from other cities show that a mid-summer temperature prevailed. The mercury in this city rose to 86°, while in Washington it ascended slightly beyond the 90° mark. The weather was warm last night and has continued so today.

Lost and Found,

Lost, between 9:30 p. m., yesterday and noon today, a bilious attack, with nausea and sick headache. This loss was occasioned by finding at E S. Leadbeater & Son's drug store a box of Dr. King's New Life Pills, the guaranteed cure for biliousness, malaria and jaundice. 25c.

Appeals Again for Wright.

Mr. James E. Clements, of Alexandria county, appeared before the Court of Appeals in Richmond yesterday and made an application for a rehearing in the case of John Wright, alias Joseph Thomas, the negro now under sentence of death for alleged criminal assault near Luna Park. The first applicat on was made some weeks ago, and last week the court handed down an opinion in which the writ of error and appeal was refused by a divided court—three to two. The dissent was regarded as a very strong opinion. The fact that the court was divided has inspired the attorney to make a still further attempt to save the man from the gallows.

The court has taken the matter under consideration. It will probably announce its decision next Thursday, the next regular opinion day.

In the petition for a rehearing Mr. Clements positively denies that he failed to note exceptions to the ruling of the trial court relative to the admission of improper testimony, and emphatically declares that he noted exceptions repeatedly, and finally, exasperated beyond endurance at the arbitrary action of the court in overruling these exceptions, picked up his hat and threatened to leave the room. Later, recalling that the prisoner would thus be left wholly unprotected, he reconsidered and fought the case to the end.

Mr. Clements subsequently said:

"The trial judge was himself responsible for the admission of the illegal and incompetent testimony, as can be abundantly and conclusively established. He forced its admission at the trial because he wanted to hear it all, and he forced it into the record over the most earnest protest of prisoner's counsel, who told the judge at the time he made the interlineation giving prominence to the vicious testimony that he knew it would hang the prisoner."

Personal.

Mrs. W. A. Moore, jr., has returned to her home in this city from the Eye and Ear Hospital, Washington.

Mrs. George B. Deeton, of Norfolk, is visiting the family of Mr. Thomas H. Travers, in this city.

Mr. C. P. Davis, of Alexandria, was in the city today.—[Charlottesville Progress.

Mr. Harry Brown, who has been with relatives in Rappahannock county for a few days, has returned to his home in this city.

Mr. Edward L. Daingerfield and family have returned from a trip to the Bermudas.

Annie Elizabeth, the little daghter of Dr. W. P. Caton, is quite sick with pneumonia at her home at Accotink.

Mr. Wm. R. Holmes, of the Belle Pre Glass Works, left last night for his home in Pittsburg, to spend the Easter holidays.

Mrs. Blanche Berkley has returned to her home in this city, after an extended visit with relatives in the north.

Johnson's Counsel.

Mr. Douglass Stuart, who had been assigned by Judge Barley with Mr. Howard W. Smith to defend William Johnson, colored, who is to be tried in the Corporation Court next week for the killing of Charles T. Smith, has asked to be relieved on personal grounds. His request has been granted, and Judge Barley has designated Mr. R. D. Brumback to take his place.

LOCAL BREVITIES.

The Friday Night Dancing Academy will give another dance tonight.

According to the United States Weather Bureau, yesterday was the hottest March day ever experienced in Washington. The temperature reached its highest point at 4 o'clock in the afternoon when the thermometer registered 90°.

YARMOUTH BLOATERS just received by J. C. MILBURN.

Alexandria Gazette.

SATURDAY EVENING, MAR. 23, 1907.

Dreamed Brother was Being Murdered.

Awakened by a dream which pictured his brother being murdered, Dr. Oscar Austin, of Yonkers, N. Y., jumped out of bed yesterday, dressed himself and rushed to his brothers' home. The brother lived on the third floor of a house nearby. The halls were dark and Dr. Austin groped his way up the stairs. At the top landing he stumbled over the lifeless body of his brother. Lighting the gas, Dr. Austin turned his brother over on his back. He found a bad bruise at the base of the skull. Austin makes the declaration that his brother met with foul play and was robbed. The dead man was a prosperous merchant and always carried a large sum of money. It is supposed that after returning from a club meeting the man was tracked, and that his assistants followed him into the house and felled him with a blackjack. "I saw men beating him over the head with a weapon—a blackjack or a piece of pipe," said Dr. Austin, describing his dream. "I cried out and then awoke. I felt sure that something had happened and rushed at once to my brother's home."

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.

Wants Lower Rates.

Henry M. Rau, extract and dye-stuff manufacturer, at Newark, N. J., wants the Interstate Commerce Commission to require the Pennsylvania Railroad and others to lower their through rates on bulap bags shipped from Newark to Luray, Stanley and Greenville, Va., in connection with his business. Rau pays 38 cents per 100 pounds and says his competitors, at Newark are required to pay only 22 cents on bags shipped to Barboursville and Charlottesville, Va. Rau says this results in injury to himself and to the communities in Virginia which he patronizes. He presented the matter formally to the commission yesterday.

The Loup Creek Colliery Company, of Fayette county, W. Va., yesterday complained to the Interstate Commerce Commission that the Chesapeake and Ohio Railroad is discriminating against it by refusing to join the Deepwater Railway Company, in granting it a through rate on coal and coke shipped from its mines to interstate points.
